THE PRIMARY

The primary election passed off very quietly in Medina County Saturday and a very light vote was cast.

Above, we give a tabulation by precincts of the three most important contested races. The figures in the table are semi-official and we think correct.

Following we give only the county totals in the other contests, as follows:

Lieutenant Governor: Arnold 28; Beck, 170; Hardin, 99; House, 167; Lemens, 103; Mead, 40; Miller, 112; D. Smith, 74; J. L. Smith, 412.

Comptroller: Butler, 176; Shepard, 1167.

Treasurer: Hatcher, 275; James 738; McKee, 101; Mills, 63; Smith 129.

NEW FIRST AID CLASSES TO START

The Red Cross is still trying to reach those who desire the First Aid course, so please help us by sending a postal card to the First Aid chairman in order that classes may be organized.

There must be more than fifteen to make a class and twenty-five in a class is desirable. On Thursday, August 6, at 8:00, a class will start at the High School gym in Hondo, taught by Mrs. O. B. Taylor. In this class we are trying especially to reach those persons who are employed through the day.

A class will start Wednesday, August 5, at LaCoste, starting at 2:30 at the High School. This will be taught by Mrs. Alf. Bader. Those who are interested in a class in the Rio Medina community please notify Mrs. Flory as a class will be started there if twenty people will sign for it. This will be the only class in that community so if interested please try to attend.

All Standard classes are twenty-hour courses and you must attend all classes. The only expense is 60c for a text book.

MRS. ALF. BADER,
Chairman First Aid.

FOR BENEFIT OF CRIPPLED CHILDREN.

State Superintendent, L. A. Woods, has announced that a clinic for crippled children will be held in the Baptist Church at Uvalde, August 5.

The purpose of this clinic, according to the State Superintendent, is to provide children in Uvalde and the surrounding counties opportunity of being examined by specialists to determine if they need treatment for their crippling conditions.

If treatment is needed to alleviate or remedy crippling conditions, treatment will be provided, according to the State Superintendent, through funds that have been appropriated to a division of the State Department of Education by the State and Federal Governments.

Parents of crippled children in need of treatment in Medina County are asked that they carry their children to the clinic in Uvalde on August 5th.

RENT REPRESENTATIVE NAMED FOR COUNTY

Mrs. J. G. Barry of Hondo has been appointed and employed by the San Antonio Defense Rental Area Director to represent that office in Medina County. Her duties are to distribute information and blanks and to assist landlords in filling out rental blanks to be turned over to the Defense Area Director. Since the local office was established in the jury room on the second floor of the courthouse, many Medina County landlords and property holders have availed themselves of the rental agent's services. Office hours are from 8:00 A. M. until 5 P. M., on Mondays through Fridays.

All persons who have rooms or houses to rent must fill in the proper application blanks and submit them to the Defense Area Rent Director in San Antonio.

Land Commissioner: Giles, 1126; Day, 160.

Attorney General: Hair, 116; Mann, 1241.

Superintendent of Instruction: Tergerson, 235; Woods, 1104.

Agriculture Commissioner: Corry 113; King, 104; McDonald, 904; Ragsdale, 104.

Railroad Commissioner: Boone 426; Saulsbury, 66; Thompson, 846.

Railroad Commissioner (unexpired term): Armstrong, 50; Brooks 223; Fain, 7; Humphrey, 12; Jester 153; Kilday, 305; Lovelady, 48; McCormick, 10; Moore, 39; Pace, 7; Patterson, 325.

Criminal Appeals: Graves, 1023; Strength, 181.

From latest available returns from the State, run-offs for August 22nd are indicated in the following:

Senator: O'Daniel*, 473,522; Alfred*, 315,078; Moody, 178,733; Ryan, 12,584.

Treasurer: Hatcher*, 174,734; James*, 408,913; McKee, 65,433; Mills, 87,393; Smith, 90,217.

Lieutenant Governor: Arnold, 38,660; Beck*, 147,363; Hardin, 89,421; House, 125,301; Lemens, 94,046; Mead, 27,997; Miller, 64,831; D. Smith, 56,033; J. L. Smith*, 182,836.

Railroad Commissioner (unexpired term): Armstrong, 17,330; Brooks*, 218,716; Fain, 34,476; Humphrey, 21,799; Jester*, 160,525; Kilday, 85,979; Lovelady, 75,598; McCormick, 24,059; Moore, 60,164; Pace, 24,400; Patterson, 79,037.

Indicates run-off contestants. Results as shown in the tabulation of the Representative race above and meagre reports from over the District indicate a run-off between Mr. Spangler and Mrs. Fenley.

"SCME PEACHES"

The Managing Editor knew that his friend A. J. Graff is not only a preacher of diversification on the farm but an exemplifier as well. We have feasted on products from his garden, green corn from his fields, and more recently delicious syrup from his sorghum mill, and know whereof we speak.

This week he proved himself an orchardist as well. On Wednesday he brought us some Elberta Cling peaches as pretty and as delicious as ever came out of Georgia. They were from two trees that were planted in 1939 and nursed through the froth that followed by careful watering and care. This is their second crop and each tree is yielding a wash-tub full of fruit, the limbs being loaded to the breaking point. One 12-inch branch contained six perfectly formed peaches and on another branch a cluster of four were growing within four inches of space. We say they were "some peaches".

QUIHI NOTES

Now therefore let Pharaoh look out a man, discreet and wise, and set him over the land of Egypt... let him appoint officers over the land and take up the fifth part of the land... in the seven plenteous years. Gen. 41:33,34.

In simple words but with indisputable certainty the young prisoner, Joseph, had interpreted the dreams of the king: Seven years of great plenty throughout all the land, followed up by seven years of famine that shall consume the land to such an extent that the prosperous years shall entirely be forgotten.

Surprisingly simple! Why did not anyone of the wise magicians hit upon that explanation? Because it was beyond their scope and skill. What does man know about the future? He may guess and surmise and calculate, and hit it or miss it. He is never dead sure about it, no matter what claims he makes. Not ever sure about death and taxes, for this world might slip away under him some day with its tax system, and St. Paul speaks of a transformation of man into a higher sphere, with out death. Smiling? What's your counter-proof, real, dependable proof? And in the realm of dreams with their forebodings for the future, if any, there we know as much as the king's magicians. Exactly nothing.

But does not Joseph contradict our stand? Did he not know the future (and the available records confirm the truth of his portentous revelation) with uncanny exactitude? Just tall guess-work—and hitting it? Pinning his fate on a major scheme of scrutinizing an impending situation—fine weather conditions, the Nile on a rise to irrigate the land etc.—a good harvest in prospect guessing at the probable reaction the famine after that, gambling with the gambler's lucky (?) number seven, and then ride and rock along on the chariot of chance till he can shake the dust of Egypt off his sandals and disappear in the desert wastes, homeward bound? Cheap speculative dribble, isn't it? Right But where is the source of his revealing knowledge? Joseph himself gave the answer to that: It is not in me; God shall give Pharaoh an answer.

The same source from which Moses derived the decalogue, the ten commandments, the moral order and foundation of this world, were they not flouted and spurned by the "wise" of this world, making mess and misery. Moses, well versed in the wisdom of Egypt, but he was not qualified to invent and formulate that law of God. The same source that gave Isaiah, the prophet, that gripping vision about the suffering Servant of God, (c. 53), which was enacted and realized some seven hundred years later in every detail in the passion of our Lord. The same source that inspired the unlearned gospel writers to give the world a piece of history, unparalleled in beauty, value and comfort, never to be forgotten. The same source that made Peter, the uncouth and untutored fisherman, a hero of determined oratory, of divine logic and power on the day of Pentecost, winning over three thousand to the cause of the risen Lord.

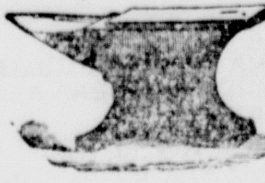

That's not the same source from which our renowned literary authorities imbibe their "inspiration." Some of them doing hack-work, sniffing here, culling there, pumping every external and internal resource waiting for some "inspiring" moment, often resorting to opiates (De Quincey), to the exhilarating cup (Southey, Coleridge, Poe), whipped into shape by frenzies and passions, lured into work by ambition and pay or by the drollery of pastime; sometimes producing tawdry trifles in grand diction, often the effusions the power and rhythm and sweetness of real genius.

Obviously, Joseph had no man-made source for his authoritative knowledge. If we could only detect how it was conveyed. But the mode and method is enshrouded in mystery. "Thus sayeth the Lord" and "It shall be given to you in the self-same hour." Only that much we are told. Sufficient!

But Joseph goes a step beyond that interpretation. He comes with practical suggestions, telling the king what to do to meet the emergency, he, the despised prisoner. Is he fit for statecraft? A student of economy? Could he compete with the king's counsellors in that field, a field wide open today? Was he divinely enlightened also in these lines? We must elaborate on that. Truly, our God has wondrous ways. Even today.

Our soldier boys are getting along first rate in their various camps, judging by their letters. Civilian life is receding more and more to the background and new duties engulf their attention. May the Lord be with them in the hours of danger and temptation! They are also to remain soldiers of Christ, standing up for Him anywhere. An Honor Roll, bearing their names, (a donation of Mrs. John G. Bohnen) at our church, and put in suitable frame by the Luther League, invites the worshipping congregation to pray for their welfare. The Ladies' Aid has also remembered each one by an encouraging souvenir. Did it find you?

THE LOW DOWN FROM HICKORY GROVE

Somebody will say he represents labor—his heart aches for labor—and he gets elected to something. Of all the known prevarications and truth-stretching, there are few that will surpass this claim of "bleeding for labor." Labor has been so busy tending to its own job, it has paid too little attention to riding itself of the leeches and spongers.

When some duck rises up and tells a bold and outright untruth that he represent labor, nobody questions him. And now, the slicker is in the saddle. He is gonna be hard to corral and unseat. Catching up with him will be as hard as it was there in Idaho once, where the greatest liar of his time lived. This slippery hombre was picking wild berries when a bear took after him, as he tells it. It was nip and tuck. But finally he escaped, he said, but not until he reached the ice. At this point, a bystander thought he had the gent cornered. How did you escape on the ice in July, he asked. Well, said Slippery, the bear took after me in July but it was not until December that I foiled him.

Yours with the low down,

JOE SERRA.

San Antonio, had their baby boy brought to Holy Baptism. The grandparents, Mr. and Mrs. W. Poehler, assumed the sponsorship for little Curtiss Pat. The kingdom of God is promised to such. May the Lord grant it!

From Beaumont, Texas, we had the pleasure to salute a visitor that still considers our community as home territory. It was Mrs. Aaron Coon who plans an extensive vacation with relatives and friends here. The pleasure will be mutual, we know.

Comparatively few accidents and hurts have happened during the great influx and extensive work at the navigation field. But some did not entirely escape. Mr. F. Hartman is one of them. He is laid up with an injured eye. Trust to see him back at work before long!

CHANGE MANAGERS

Fritz Belschner, for many years an employee of the United Gas Corporation arrived here Monday, July 17th, and took over the management of the company's local distributing system, succeeding Mr. Frank Buske who, with his family, returned to New Braunfels, their former home. Hondo will welcome the return of Mr. Belschner and his family, as they are well and favorably known here as he was local manager here for a little over two years, leaving here in October 1938 for Seguin.

HOLLMIG ACTING POSTMASTER

F. H. Hollmig became officially Acting Postmaster of Hondo on Monday of this week, serving in the place of Harry Fillemann for the duration of the latter's service in the armed forces of the United States. Mr. Hollmig brings to the service of his new job the training and experience of an accountant and will no doubt make Hondo a capable and accommodating postmaster.

SOLDIERS ELIGIBLE FOR RECAPPED TIRES

Members of the Army and Navy were made eligible for recapped tires for passenger cars under certain restrictions of necessity, effective July 25, Mr. C. J. Monkhouse, chairman of the Medina County War Price and Rationing Board, announced today.

"This was done at the request of the War and Navy Departments," Mr. Monkhouse explained, "and our instructions are to administer this new amendment to the rationing regulations strictly." For instance, he said, it is specified that no certificate for tires shall be issued unless an Army or Navy applicant presents a statement from his commanding officer, setting forth that the application is for tires or tubes necessary for transportation between the Army or Navy man's residence and his post of duty, or where his car must be used on official military business, and there is no military vehicle available.

Military authorities are being asked to cooperate by organizing transportation committees at each Army or Navy post, if that has not been done already," Mr. Monkhouse said "in a manner similar to that used in forming such committees in war production plants. That is to assure that each vehicle carries as many passengers as its capacity allows. Military commanders are required by the amendment to take all reasonable steps to insure that an applicant for tires limits his use of the vehicle to the purpose for which the application is made, except for a minimum of driving essential for personal purposes other than pleasure driving."

TO TIRE DEALERS

Mr. C. J. Monkhouse, Chairman of the Medina War Price and Rationing Board, announced today that automobile tire and tube sellers have been granted an extension of time from July 25th to August 1st, in which all tires and tubes, both new and used, that were on hand as of June 30.

This is the second extension of time granted for the report," Mr. Monkhouse explained, "because of the late arrival of the necessary forms."

These reports must be filed by all persons who sell new or used tires and tubes and retreaded or recapped tires or whatever kind, not mounted on a vehicle. The purpose of this inventory is to provide a fund of information to assist in charting the future course of rationing.

"Similar reports must be made by each tire seller in each calendar quarter hereafter," Mr. Monkhouse explained, "but in the future, the reporting forms will have to be obtained from our local board office by the tire dealer. They will not be mailed to the dealer hereafter, as they were for this first report."

How you can help give swifter telephone service to a fighting nation

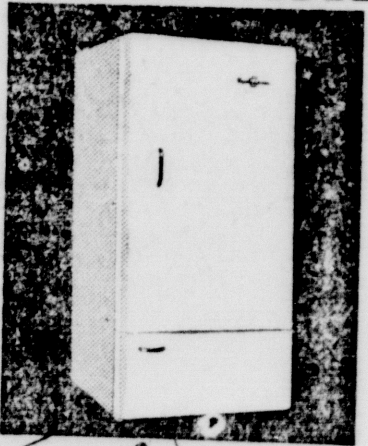

At your telephone office... at most other important telephone offices everywhere in this country... war calls of some kind are always passing through. They are calls which speed the work of ship and tank and airplane builders, of the Army, the Navy, and the Government.

If we civilians go on telephoning as usual, there is constant danger of a telephone traffic jam that will delay calls vital to victory. The telephone system cannot be expanded to prevent traffic jams, because such work requires metals and rubber needed now at the fighting fronts.

You can help to keep telephone lines free for war business if you will try to make your business and social calls in off-peak hours—from 12 noon to 2 p.m., from 5 to 7 p.m., and from 9 p.m. to 9 a.m. Please avoid long conversations, too. This is one way you can help to win the war. We know you are glad to co-operate. Thank you!

DELIVERY TRUCK WARNING ISSUED

Violation of delivery orders issued by the San Antonio office of Defense Transportation have been reported in several complaints to John G. Ross, San Antonio field manager of the O. D. T.

Orders state that delivery trucks may not make more than one pickup or delivery to a person a day and are not allowed to make special deliveries and call-backs. Emergencies in which health and safety are concerned are the only exceptions, it was explained.

Deliveries extending up to 25 miles beyond the boundaries of a municipality or involving one-way trips up to 25 miles in length are defined by O. D. T. orders as local deliveries," Ross pointed out.

Transportation companies and dealers in the San Antonio area have been urged to adhere to the rules as a patriotic duty, Ross said.—San Antonio Express.

BOYS KILL ALLIGATOR AT MEDINA LAKE

An alligator measuring seven and one-half feet in length was killed at Medina Lake last Wednesday by two Hondo youths, according to an announcement by State Game Warden W. C. Kountz of Hondo. The alligator, which weighed 90 pounds, died after being shot in the head with a 22 rifle.

Lacy and Odie Gilliam sons of A. C. Gilliam of Hondo, found the alligator in Anton Hollow at the lake and shot it with the rifle. The shot went through one of the reptile's eyes.

It is believed the alligator must be at least 18 or 20 years old. In attempting to discover how it got to Medina Lake, Warden Kountz learned that someone lost a pet alligator near Medina City 18 or 20 years ago and it is believed that the alligator killed by the two boys possibly is the one which was lost years ago.

JOHN HENRY JENNINGS TO MARYLAND

Mr. and Mrs. R. L. Jennings were in San Antonio Tuesday night to bid goodbye to their son, John Henry "Nonnie" Jennings, who left with a group of six South Texas youths for Aberdeen, Maryland, for training in the Ordnance Department of the U. S. Army. Nonnie is a graduate of Hondo High School and for the past two years attended Baylor University in Waco. He spent last week at Dodd Field, San Antonio, where he received his orders to go to Maryland. He will be eligible for officer's training school following completion of his training at Aberdeen.

SHUT OUT WINS ARLINGTON CLASSIC

Beats Orphan, With Regards to Close Finish.

By Charles Dunkley By Associated Press:

CHICAGO, July 25.—Shut Out clinched the 3-year-old championship of the year today by galloping to victory in the \$88,250 Arlington Classic under one of the most magnificent rides ever delivered by Jockey Eddie Arcaro.

The handsome son of Equipage owned by Mrs. Payne Whitney of New York, won by three quarters a length to the cheers of 45,000 spectators, Valdina Orphan was second, four lengths ahead of With Regards. King's Abbey was fourth in a field of nine.

The winner ran the mile and quarter in 2:01 2-5, equaling his record for the stake and only one-fifth of a second off a track record established by Discroery in 1935.

Shut Out, closing at odds of 3 to 2, paid \$5.00, \$2.80 and \$2.40. The place price on Valdina Orphan coupled with Rounders as an entry was \$2.80 and \$2.40 to show. With Regards returned \$3.20 to show.

Shut Out, winner of the Kentucky Derby, the Belmont Stakes, the Blue Grass Stakes and the Yankee Handicap, had won \$148,747 in 11 starts this year and wrapped another \$69,700 around that bankroll as a result of today's triumph.

Trailing the first four across the finish line in the order named were the Milky Way Farm's Dogpatch, Valdina Orphan's Rounder, Col. E. R. Bradley's Bless Me, Mrs. E. H. Augustus' Trelawny and Hal Price Headley's Anticlimax. The original field of 11 was reduced by the withdrawal of Alester and Bolus.

Valdina Orphan's share of the purse was \$10,000, while With Regards earned \$5,000 and King's Abbey \$2,500.

Shut Out was successful in eluding the jinx that trailed Johnstown, Bimelech and last year Whirlaway in the procession of defeated champions, in winning the classic, richest 3-year-old race of the year.

Washington Snapshots

by JAMES PRESTON

Because news from far-flung battle fronts fails to reach a quick war pace, but new peaks will rise on the home front where the battle of production, already over the top, continues under daily orders and regulations expected to be more dramatic and of long duration.

Changes already effected are not the end. Hardly an industry, no matter how remote from war effort, will remain unaffected. Major industrial units already have been converted. The smaller plants will be brought in to forestall as many casualties as possible.

With the production house in order, WPA now assumes a new role as umpire to decide what proportion of available materials goes to armed forces and how much civilians will get. What happens to allocations from there on is up to recipients.

Two major problems remain: stabilization of wages and farm prices. The absence of a well-defined policy on these threatens to collapse the President's anti-inflation program unless average factory rates, up 25 per cent and farm prices, up 14 per cent (over a year ago) are checked. Price control efforts of OPA Henderson can't work.

If the War Labor Board blunders in favor of the "Little Steel" wage increase, similar demands are certain to spring up all around. The end result could force the whole price structure out of line and control might go glimmering. Henderson and other officials, therefore, are increasing pressure on the President to spell out a wage stabilization chart in dollars and cents.

While the problem is how to have wage stabilization without freezing a point by point formula is needed to determine exactly under what conditions increases will be granted in all industries. Labor rails against freezing and advocates industry subsidies which latter measure Congress opposes.

Confusion, which already has forced the President to take direct action to control farm prices, may also bring sufficient pressure to get down to brass tacks on wages. It is believed, by the politically informed however, that the administration hopes to dodge this issue until after the November elections.

Meantime the Washington picture presents many oddities. Mr. Henderson, a top new-dealer being pushed all over town by labor pressure groups who, at the same time, criticize Mr. Nelson, a business man, for his labor-management policy.

The whole wage situation necessarily involves consideration of the War Labor Board's recent New England textile decision, which conceivably might lead to a policy of eliminating regional wage differentials. If this ruling, which granted wage increase to nine plants, were adopted as a national policy, it would make wage scales uniform throughout the country. This would cause general disruption of wage scales and almost certainly eliminate any possibility of the successful operation of Mr. Henderson's price control policy.

If wage scales should become uniform, Washington realizes that labor would have a strong tendency to evacuate congested industrial centers and this move, in turn, would aid and abet the plans of the National Resources Planning Board which envisages the wide use of existing government-financed plants surrounded by government-owned housing.

SPRING VIOLETS

When winter days are slipping by
And spring is whispering near
We know that now it won't be long
Till skies are blue and clear.

There comes a sign that never fails
To make us gloom forget,
Down in the glen beside the brook
There blooms the violet—

That modest flower of dainty hue;
No glory would it ask
But just to bring a bit of cheer—
THAT is its task!

THE WAR

A summary of the past week's war events reviewed by The National Editorial Association, Defense Advisory Committee in cooperation with the Office of Government Reports.

FOR RELEASE JULY 21, 1942

The U. S. overall output of planes, tanks, ships, guns and ammunition during June was nearly three times that of last November, the month before Pearl Harbor, War Production Chairman Nelson reported. Mr. Nelson said, however, "Too much boasting about production progress is altogether premature—the biggest part of the job is still ahead." Any delay now, he said, "Would mean years more of war and hundreds of thousands more lives."

Chairman Nelson, as an index of the Nation's productive effort estimated that approximately 65 percent of the U. S. is now producing income during the first six months of this year went into military channels. This compares, he said, to the 54 to 75 percent of total income being spent by Great Britain and Germany.

The War Production Board announced it will concentrate production of civilian goods in certain plants and regions as much as possible. The Board said, as a general rule, small plants will be kept in civilian production and large plants will be required to suspend civilian production. Civilian production will be restricted or suspended in regions where labor is urgently needed in war plants or where power shortages are likely to occur.

Price Administrator Henderson reported gasoline coupon counterfeits had been peddling bogus ration books in the East and stated these "subversive" attacks on our war program will be prosecuted promptly and vigorously. All persons found to be in possession of the counterfeit books, he said, are liable to have their regularly issued ration books either revoked or withheld. Because of delays in obtaining gasoline rationing coupon books, the OPA said service stations may sell gasoline on a "coupon credit" basis until mid-July 31.

The OPA increased tire and tube quotas for August and said 50,000 bicycles will be made available for rationing in August as compared with 45,000 in July. The Office said only trucks engaged in services essential to the war effort or public health and safety will be entitled to recapped or new tires after July 28 under a drastic revision of the tire rationing regulations. The OPA published names and addresses of Field Representatives who may be called upon by tire dealers, recappers, truck operators and other users of tires for aid in solving problems arising under the rationing regulations.

Maximum Prices And Rents:
Price Administrator Henderson reported "Government controls of prices and rents, while they are in effect, are doing a good job of holding down prices, but uncontrolled food prices are showing a definite inflationary tendency." He said, "The total cost of food to city families advanced by 1.2 percent between May 15 and June 15, continuing the steady upward price trend of the previous 11 months and offsetting the benefits of price control on all foodstuffs covered by the general regulation."

Mr. Henderson said housewives and other members of the buying public will acquire the legal right beginning July 31, to bring civil suits for damages against any storekeeper who charges more than OPA regulations permit. The purchaser is entitled to recover \$50 in damages plus attorney's fees or triple the amount of the overcharge plus attorney's fees, whichever is larger. Similar suits may be filed in defense rental areas against landlords who collect rents in excess of those permitted by OPA orders. The Office reported it has designated 370 areas as Defense Rental Areas and by August 1 rent regulations will become effective in 94 of these areas.

Agriculture Secretary Wickard announced a price adjustment and subsidy program designed to ease the temporary shortage of meats in Eastern states and some parts of the Mid-West. The OPA asked livestock and meat packing industries to maintain a supply of meats in all normal trade channels rather than concentrate shipments to large cities where ceiling prices are relatively high.

The War Front:
The Navy reported U. S. submarines in Far Eastern waters have sunk another Japanese destroyer, a medium-sized tanker, three cargo ships, and possibly a fourth cargo ship. The Navy said all of its large submarines are being fitted with cameras designed to fit over the eyepiece of the periscope to record the results of submarine attacks on the

enemy. Maj. Gen. Lewis H. Brereton, Commander of the Air Forces in the Middle East, said American Air Forces caused heavy damage to enemy docks and port installations at Tobruk, Benghazi, Suda Bay and Gaze.

President Roosevelt and Admiral William D. Leahy, former U. S. Ambassador to Vichy France, has been called back to active duty to serve as Chief of Staff to him as Commander in Chief of the Armed Forces.

Gen. MacArthur reported from Australia that the new 1,500-man Japanese invasion force landed in the Buna-Lahad-Gona area in New Guinea on July 21 has been subjected to such damaging raids that few, if any, Japanese ships are left in the vicinity of the invasion. The Navy announced 17 more United Nations merchant vessels have been lost to enemy submarines.

Army
The nine Army Corps Areas were reorganized and renamed "Service Commands." The reorganization will further decentralize the operation of services of supply activity and eliminate duplicating facilities.

War Secretary Stimson said 24,000 justice cases developed among Army personnel in the U. S. and abroad apparently due to the use of yellow fever vaccine. Thirty-two deaths resulted. "There has been a change in the form of yellow fever vaccine now used which the Surgeon General thinks will eliminate the whole trouble," Mr. Stimson said. Director Hasty of the Women's Army Auxiliary Corps said 36 companies of 150 women each will be trained by the end of this year and 24,000 women will be trained by April 1943.

Taxation And Profits
The House passed and sent to the Senate the War Revenue Bill, estimated to yield about \$4,000 million, providing a 45 percent normal and surtax income rate on corporations and a 90 percent excess profits tax. Treasury Secretary Koppelman, however, said a tax program of less than \$2,700 million of additional revenue would be inadequate. He recommended removal of these "special privileges": tax exemption for State and municipal securities; exemption from taxation of 17 1/2 percent of income from oil wells and mines; and separate income tax returns by married couples.

The House Naval Affairs Committee, after investigating 69,000 contracts, said "95 percent of the war contractors are doing an honest and effective job and receiving only fair and reasonable profits," the average being 8 percent.

Scrap Salvage Campaigns
President Roosevelt reported the recent scrap rubber collection drive added 454,000 tons to the Government's stockpile—exclusive of rubber in small piles still at service stations and junk dealers. WPA Chairman Nelson asked State and local governments to lend their trucks and workers to local salvage committees to help transport scrap material collections before winter sets in. To keep steel furnaces going at full capacity, more than 750,000 freight cars will be required to carry scrap iron and steel, most of which must be moved by trucks to rail points.

The WPA extended the tin can salvage program to 164 cities in addition to 26 metropolitan areas previously announced, because detinning plant capacity requirements have been increased from 250,000 to 400,000 tons. The Board said the Government will requisition from junk dealers all useless automobiles—those that cannot be repaired on a practical basis—to maintain the present peak movement of automobile scrap to mills. On the basis of a questionnaire to 350 firms, the Board estimated 100 million pounds of essential chemicals could be realized in the next 18 months if manufacturers of war equipment began now to recover wasted spray paints.

WEDS AT RANDOLPH FIELD

Miss Helen Mozelle Burgin, daughter of Mr. and Mrs. J. H. Burgin of Hondo, became the bride of Lieutenant Jack C. McIlvoy of Randolph Field, the son of Mrs. C. McIlvoy of Chicago, Illinois, at four o'clock Saturday afternoon, July 25, in the Randolph Field Chapel. The chapel organist played the traditional bridal marches and the ceremony was performed by Chaplain Goodrich.

The bride, given in marriage by her father, wore a white silk net dress with ruffles. Her short veil was caught to her head by a sweetheart shaped cap. She carried a bouquet of white carnations.

Miss Dorothy Burgin, sister of the bride, wore an aqua blue marquisette dress and carried a colonial bouquet of pink carnations.

Mr. Joseph Porter of Fort Benning, Ga., was the best man and Lts. Edward A. Perry and Jimmy Rice were the ushers.

The parents of the bride honored the wedding party and friends with a dinner party at the Aurora.

For going-away, the bride wore a yellow silk gabardine suit with brown and white accessories. For the present, Lt. and Mrs. McIlvoy are at home at 1554 West Mulberry, San Antonio, Texas.

The bride is a graduate of Hondo High School. She attended Southwestern University at Georgetown and is a senior at the University of San Antonio. Lt. McIlvoy is a graduate of the University of Illinois and for the past four years has been in San Antonio. He is a supervisor of instructors at Randolph Field. He will be stationed at the Hondo Navigation School after August 10th.

Among those attending the wedding from here were Mr. and Mrs. J. H. Burgin, Judge and Mrs. R. J. Noonan, Miss Mary Ann Noonan and Martin Noonan, Mr. and Mrs. Felix Batot, Mr. and Mrs. Chas. Finger and Henry Martin Finger.

MARRIED

Mrs. Marguerite Newcomb of Devine and Thomas Weiss of Castroville were married in a quiet ceremony Sunday evening, July 19, at Devine. Mr. and Mrs. Leo Weiss of San Antonio were the only attendants. Immediately after the ceremony the couple left for a bridal trip to Monterrey, Mexico.

The bride is the daughter of Mrs. J. W. Ubrich of Hondo and owner of a tailor shop in Devine. The bridegroom is the son of Mrs. Sybilla Weiss of Castroville and is employed at Duncan Field. Mr. and Mrs. Weiss will make their home in Devine.

SAVED AS BY A MIRACLE

Wm. Ziegenbalg was a caller at this office Wednesday, somewhat bungled but still going strong and with his usual cheerful outlook on life.

On the 4th of May, Mr. Ziegenbalg fell backwards from a windmill tower and dropped a distance of some 28 or 30 feet. He struck the ground with his left shoulder and still has a swollen arm and hand and can use it only with great difficulty.

Fortunately, however, he suffered only body bruises, no bones being broken nor any contusions or lacerations of the skin or flesh being suffered.

Recovery is coming slowly, but Mr. Ziegenbalg thinks and hopes surely and completely.

D'HANIS, TEXAS, WEDNESDAY, JULY 29, 1942

MRS. J. W. L. HANLEY PASSES

Residents of D'Hanis have lost a kind friend and a good neighbor in the passing of Mrs. Elizabeth Hanley, whose death occurred in Medina Hospital at Hondo on Tuesday, July 28, 1942, at 3:00 a. m., at the age of 79. Although her health had been failing for many months, Mrs. Hanley's last severe illness was of only short duration.

Elizabeth Luke was born November 7, 1862, at Morley Hill, Durham County, England. In 1878 she came to America with her parents, two brothers, and one sister, settling first in New Philadelphia, the present town of Lissie, Texas, and later moving to Houston. On November 20, 1887, she was married to J. W. L. Hanley. Of this union six children were born, four of whom died in infancy. Mr. Hanley also preceded his wife in death.

In 1902, while the family were residing in Gonzales, Mrs. Hanley embraced the faith of her husband and children by joining the Catholic Church, in which she remained as a fervent and pious member to the end of her life. During the years she spent in D'Hanis she was admired by everyone for her devotion to her family, and for other womanly qualities.

Mrs. Hanley is survived by two daughters, Sister Mary Amabilis of Our Lady of the Lake College, San Antonio, and Mrs. W. O. Rothe of D'Hanis; two grandchildren, Mrs. H. M. Cox, Jr., of San Antonio and Bonard Rothe of D'Hanis; two great-grandsons, Kenneth and Rothe Cox of San Antonio; a sister, Mrs. Abbie Hill, and several nieces and nephews.

Tuesday evening at 8:30 Reverend Eugene Zuber, pastor of Holy Cross Church, led the Rosary at the Harger Funeral Home, where the remains rested until the following morning. At 10:00 o'clock Wednesday morning a High Mass of Requiem was sung in Holy Cross Church. Father Zuber officiated at the Mass and funeral services, and gave an eulogy to the departed. In

terment took place in the Woodmen Cemetery. Pall bearers were: John B. Nester, Matthias M. Koch, O. W. Tondre, Eric Rothe, Ed. S. Koch and Clemens Finger.

Out of town relatives present at the funeral were: Sister M. Amabilis, Mr. and Mrs. H. M. Cox, Jr., of San Antonio, and Mr. John Luke of Hearn, Texas. Other friends who came from San Antonio were: Mrs. Lee Schuchardt, Mrs. Campbell, Sister M. Henry, Sister Helen Mary and Sister M. Damien of Our Lady of the Lake College.

FORMER D'HANIS GIRL WEDS IN BASTROP

Miss Gertrude Josephine Aten became the bride of George Wharton Foster of the Great Lakes Naval Training Station, Illinois, at 3 P. M. Thursday, July 23, 1942. The ceremony was performed at the First Methodist Church in Bastrop with Rev. L. A. Hardt reading the ceremony.

The bride is the daughter of Mr. and Mrs. Ivan F. Aten of Georgetown, and the bridegroom is the son of Mr. and Mrs. Wharton Foster of Cherokee. Both are graduates of Georgetown High School and Mr. Foster is an ex-student of Southwestern University.

Given in marriage by her father, the bride wore a street length ensemble of white with a jacket of jade green.

Mr. Foster will return to his station July 27. Mrs. Foster will be at home in Georgetown at 1802 Austin Avenue.

Mrs. Foster was a former student in D'Hanis High School.

Mrs. August Lutz, Hubert Lutz Mr. and Mrs. William Lutz and Miss Lillian Rudinger returned home Monday from a visit with Pvt. Arthur J. Lutz of Camp Maxey, Paris, Texas.

Mr. and Mrs. George Formann and family of San Antonio spent Saturday evening with Mr. and Mrs. Alfred Rudinger and family.

ZION'S LUTHERAN CHURCH

Sunday, August 2, 1942

9:30 A. M. Sunday school and Bible classes. William H. Santleben, Supt.

10:30 A. M. English divine service. "Our hearts shall not be at rest until they rest in God." Communion and peace with God is still the deep longing of the human heart. At God's command His holy Word is offered to us in the sermon, the lessons, the prayers and hymns of the church service to bring us into or keep us in communion with God. If this is what your sinful heart craves, you are cordially invited to worship with us. We extend a cordial welcome to one and all to work and worship with us.

The Church with a welcome. A. H. FALKENBERG, Pastor.

SUNDAY SCHOOL ATTENDS CHAUTAUQUA

On Tuesday, July 21, Rev. Falkenberg, Mrs. A. C. Wurzbach and Elrine Stolte attended the Thirteenth Annual Lutheran Chautauqua at Seguin, Texas.

In the morning we had two very interesting lectures by President E. J. Braulick. The topics were: "Fundamentals in Sunday School Work"

DAILY LIVESTOCK MARKET REPORT.

San Antonio, July 27—HOGS: Estimated salable and total receipts 700. In view of definitely lower swine prices at principal markets, the local trade Monday appeared mainly 15-40c below Friday. A top of \$13.75 took Good and Choice 180-270 lb. butchers while 160-180 lbs. secured \$13.25-13.75. Various lots 140-160 lb. kinds claimed \$12.75-13.25. Sows sold mainly at \$12.50-12.75. Scattered lots feeder pigs cashed at \$13.00.

CATTLE: Estimated salable and total receipts 1,700; CALVES, 2,050. The week's initial session found an active slaughter steer and yearling trade with prices listed mainly steady to strong. Some instances for Medium grade mature grass steers appeared 25c higher. Numerous load-lots 1100-1200 lb. mature grassers cashed at \$11.25-12.00 while most common steers and yearlings ranged from \$9.00-10.50. Occasional Cutter grade selections dropped to \$8.50.

Slaughter cows indicated a mostly steady trend but some sales looked slightly weaker. Common to Good beef offerings secured \$7.00-9.00

and "How May We Increase Our Sunday School Enrollment".

In the afternoon we had a business meeting and after that the Sectional meetings. Rev. Falkenberg attended the Bible Class, Mrs. A. C. Wurzbach the Nursery and Sand Table group, and Elrine Stolte attended the Intermediate Class. These topics were very interesting and also a great help to us.

The day was completed, and being enjoyed by all, we journeyed homeward and arrived home at 7 P. M.

A Visitor.

Thursday, July 23, Rev. Falkenberg, Christine Otto, Elrine Stolte and Eloise Bippert attended the Thirteenth Annual Lutheran Chautauqua at Seguin, Texas.

After registration we then went to the gymnasium where we heard Rev. Ziebo, President of the Texas District of Luther Leagues, make the annual report of the Luther League standings as to income, attendance, etc.

Then we had the League clinic which consisted of the Pocket Testament Movement, Service Club, and the Reading Course.

In the afternoon a program was given by the San Antonio and Gulf Coast Federations. The program came to a close with songs and prayer. Then we departed for home.

A Visitor.

with most Canners and Cutters at \$5.00-7.00. Sausage bulls carried a steady to weak turn at \$7.50-9.50, odd head \$9.65. Mostly steady prices prevailed on killer calves. Good and Choice cleared at \$11.25-12.50 with Common and Medium at \$9.00-11.00 and Culls \$7.00-9.00.

Stocker calves met fairly broad outlets at steady to strong rates. Good and Choice steer selections commanded \$11.25-13.00 with Common and Medium at \$8.50-11.00. Several lots Medium grade yearlings cleared \$10.00-10.50.

SHEEP: Estimated salable and total receipts 1,800. Aged wethers looked mainly steady as a part load Medium grade No. 3 pelt offerings cashed at \$5.25. A few lots Cull and Common ewes ranged from \$2.50-4.00. Slaughter goats made up the bulk of supply and sold weak to 25c lower. Loadlots freshly shorn Angora brought \$4.00-4.75.

RECORD SPRING PIG CROP:—This year's record Spring pig crop will tax transportation, processing and marketing facilities. Spread out marketing and help avoid gluts.

SWIMMING PRECAUTIONS

Some timely advice to vacationists concerning the proper precautions to be used in water sports is released from the State Health Department by Dr. Geo. W. Cox, State Health Officer.

It is pointed out that, in view of wartime restriction, vacation pleasures are apt to be limited to excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercises," Dr. Cox asserts; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlines the following simple rules for bathing and swimming in safety:

1. At least one hour should elapse after a meal before entering the water.

2. Upon the first indication of fatigue, come ashore and call it a day. Don't re-enter the water.

3. If becoming chilled, leave the water immediately.

4. Do not enter the water when overheated.

5. Learn to float. This is most important.

6. Never attempt to rock a boat in a spirit of fun.

7. Never swim in water that may be polluted. Swimming close to or even a few miles below sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics, and swimming parties contribute much to a healthy, happy, normal life, which is especially desirable at this particular time when the whole nation is tense and under a strain," Dr. Cox says. "It is by no means advisable to eliminate these excursions from our summer program, but is important that they prove beneficial and not disastrous."

BACKYARD ON BERGEN STREET

Magnolia brought from banks of a distant bayou

Spreads a wide canopy of Southland bloom.

Lost none the newness that first creation knew

When "Eastward in Eden" shuttled the Master's loom.

We were dispossessed and left to find our way

Across trackless deserts of vast wastelands

Dowered only with faith to win through the grey

While earning scant bread by toil of our hands.

A cloud by day and a pillar of fire by night

A Voice that lessened to a faint memory

We did not so ill, when to ease our plight

Came rain at dawn, a gift from Heaven's gratuity.

We never lost The Faith, now near clamor and moil

On Bergen Street backyard retrieved is Eden's hour.

A pledge that not unnoticed our stress and toil;

Our first homeland sends its queenliest flower.

—DAVID W. CADE.

MOTHER MINE

Who rocked you to sleep in childhood

Who soothed all your sorrow and pain?

Who sat at your bedside in sickness?

Who's love is always the same?

I long to see you, dear Mother;

Your sweet smiling face once more,

Your voice that was loving and tender

When we'd met in the old kitchen door.

They have hid you from sight forever,

Over where the wild daisies bloom,

May you sleep in peace, my dear Mother,

For it's no longer Home sweet Home.

As I sit by the old wooden rocker,

Your chair that no other can fill,

I can see your picture as ever

In the old Home up on the Hill.

—FRANCES A. HEHR.

THE FARMER

Tramp, tramp, tramp, with the rev-
ille of the corn.

March, march, march, with the
light of the chirping morn.

Plod, plod, plod, with the army of
growing stalks.

Row on row of furrows he walks,
walks, walks.

Boots, boots, boots, rough-cracked
and heavy with dirt.

Shoulder straps streaked black on
the sleeve of a sweat-dyed shirt.

Come, on with your husking peg, put
tar on the finger stall.

For frost has come to the prairies
and stalks are eight feet tall.

Evening—a bent form shadows black
on the flat sky rim;

Love of the soil of the fallows sets
deep in the heart.

While out of the depth of the corn-
rows castles are built of sod.

Bravely he does his bit—out in the
field with God.

SUGAR-LESS, LESS-SUGAR AND HONEY RECIPES.

Milk 'N' Honey Cake
By Mrs. Melvin Erck
Yancey Home Demonstration Club.

1-2 cup shortening
1-2 teaspoon salt
1-2 teaspoon vanilla
1-2 cup sugar
1-2 cup honey
2 eggs, unbeaten
2 cups sifted flour (cake flour preferred)

1-2 teaspoons baking powder
1-2 cup evaporated milk.

Combine shortening, salt, and vanilla. Add sugar gradually and cream until light and fluffy. Add eggs, one at a time, beating thoroughly after each addition. Sift flour and baking powder together 3 times. Combine milk and honey. Add small amounts of flour to creamed mixture, alternately with combined milk and honey, beating after each addition until smooth. Pour batter into 8x8x2 inch pan greased well and floured. Bake in moderate oven (350 F.) 50 to 60 minutes. Spread White Fudge Icing on top and sides of cake. May also be baked in two 8 inch layer pans in moderate oven (350 F.) 25 minutes.

White Fudge Icing
(Flavor or color as your fancy dictates.)

3 tablespoons shortening
1 tablespoon butter
5 tablespoons top milk, scalded
1 teaspoon vanilla
1-4 teaspoon salt
3 cups sifted confectioners' sugar.

Melt shortening and butter in scalded top milk. Pour hot milk over sugar and stir until sugar is dissolved. Beat until smooth and thick enough to spread. Makes enough icing to cover top and sides of 10x10x2 inch cake or 1-2 dozen cup cakes. Maple Fudge Icing: substitute maple extract for vanilla.

Gingerbread
By Mrs. R. E. Hogue
O. M. K. & T. Home Demonstration Club.

1-2 cup sugar
1 egg
2-1-2 cups sifted flour
1 teaspoon cinnamon
1-2 teaspoon cloves
1 cup hot water
1-2 cup of butter and lard mixed
1 cup dark molasses
1-2 teaspoons soda
1 teaspoon ginger
1-2 teaspoon salt

Cream shortening and sugar. Add beaten egg, molasses, then dry ingredients which have been sifted together. Add hot water last and beat until smooth. The batter is soft, but it makes a fine cake. Bake in greased shallow pan 35 minutes in moderate oven. 1-2 cup of raisins may be added if desired.

YOUNG AND OLD LINE UP IN WAR EFFORT

If every member of every farm and ranch family in Texas lived by the Victory Demonstrator's pledge, it would be a big victory on the home front. In case you've never seen or heard the Victory Demonstrator's pledge, here it is:

"As a Victory Demonstrator doing my best to help win the war."

At the request of E. D. Parnell of the department of poultry husbandry, Texas A. and M. College, the South Texas Chamber of Commerce will encourage attendance at an intensive course in poultry production to be held at the college June 1-20. "Poultry husbandry, always an important food industry, has become doubly important in our food for freedom program," Prof. Parnell emphasized. Chick sexing has been added as a special feature for the forthcoming course. Other subjects to be taught include establishing good hatchery flocks, feeding the farm flock, production and care of hatching eggs, inheritances of high egg production and large egg size, culling the flock and selecting good breeding birds, producing quality eggs for market, standards for market eggs and how to attain high standards, the Texas-U. S. poultry improvement plan, prevention and control of pullorum disease, control of other diseases commonly found in Texas flocks, feeding and care of chicks and growing stock, keeping flock records, operating the incubator, grading live and dresser market birds, cold storage lockers for poultrymen, dried and frozen eggs.

Though unfilled orders mount at Southern lumber mills and shipments also increased, production eased off 8.1 per cent during April from April, 1941, figures, the University of Texas Bureau of Business Research reports. Production mounted to an average of 305,962 board feet per unit, still 2.6 per cent above March. Shipments gained 30.2 per cent to 390,390 board feet per unit weekly, and unfilled orders in the end of April climbed to an average of 2,082,656 board feet per unit, up 71.8 per cent above April, 1941.

We can order most any newspaper or magazine published. Ask at this office.

I will produce food, feed, and fiber to assure good health for my family and others.

I will take good care of every I use—food, clothes, furniture, equipment, machinery, building livestock, and the soil as scarce articles such as rubber and metals.

I will buy carefully anything I must have and I will buy war bonds and bonds with all the money I can.

I will work hard with my neighbors and help people who are cheerful, to have courage, and take part in all war activities.

Many Medina County men, men, boys, and girls have signed pledge and are living each day.

A good example of cooperation this war effort is the following letter from Billy Ray Wilks, the year old son of Mr. and Mrs. J. Wilks, of Devine.

"I thought I would let you know that I am willing to help win the war. I am helping farm and hogs and chickens. I milk two and herd three cows and two calves. Today my brother bought four cows and I'll herd them. My oldest brother are working Hondo. I must go milk and feed hogs now."

Through the efforts of all, and small, we will win! We will win! Do your part now!

YANCEY H. D. CLUB NEWS

The Yancey Home Demonstration Club met at the home of Mrs. A. Evans on Thursday, July 23, eight members and Miss Hambleton present.

After the business meeting, Hambleton took charge. She gave a short talk on what we should do about ceiling prices. She then led us how to be prepared for emergencies in the home, by having a kit of sterile bandages on hand, the of material that is best to use to make them properly.

Miss Hambleton's main subject was on "Clothes and Consumer Living". In times like these, we plan our wardrobe ahead, buy standard Brands and always buy the ter grades of material. We never sacrifice quality for quantity.

At the close of the meeting, Evans served delicious cake punch.

LEINWEBER COMMUNITY CLUB MEETS.

The Leinweber Community Home Demonstration Club met Wednesday, July 22, at the home of Mrs. W. Koch, with an all-day meeting. Members, three visitors and Velma Hambleton, Home Demonstration Agent, attended. Each member brought a covered dish which served by the hostess for dinner.

The day was spent in making "sandwich trays" out of wood, read, Mrs. Arnold Balzen, Mrs. Oefinger,
